Rudy & Judi

BRUISED but not unbowed from last week's divorce settlement, **Rudy Giuliani** was on the town — Sag Harbor, which is more of a village — Friday night with **Judi Nathan**. The couple, now free to marry, apparently spent the weekend at her condo in nearby Noyac. They drove over to Magnolia restaurant in Sag accompanied by half a dozen body guards who were easily spotted in their jackets and ties. Everyone left the couple alone, except for eagle-eyed Hamptons Sheet publisher **Joan Jedell**, who demanded to know why the guards were blocking off so many parking spaces. But even Joan didn't flash a bulb at Rudy and Judi when they departed the eatery. "He looked a little pale, like a guy who's just lost \$7 million in his divorce settlement," Jedell said.
